The difference between commercial law and business law is that the former specifically governs how corporations are administered and managed, while the latter comprises different practice areas associated with business; such as employment, tax, contract, and transaction law. Commercial law can thus be considered a subset of business law.

Difference Between Commercial Law and Business Law

Scope []. The Commercial Code principally applies to the operations of merchants (商人 shonin) and to commercial acts (商行為 shokoui) (Article 1).. Merchants []. Merchants are defined in two classes: inherent merchants (当然商人 koyu no shonin) and quasi-merchants (準商人 gisei shonin) (Article 4). An inherent merchant must meet three criteria:
