Fidic Red Russian

of FIDIC Red Book 4th edition into Russian. The Russian text was developed under the authority of FIDIC by the British firm called European Construction Ventures with offices in London and St.Petersburg. The Red Book was only the first to appear, and more editions were prepared

The Russian Text of FIDIC 4th edition was published

What you should know when applying FIDIC principles in Russia: The most popular forms of FIDIC contracts are contained in the 1999 Silver and Red Books. Once the contract is signed in Russian, parties need to be very careful about the translation. There is no official translation of FIDIC contracts in Russian and most of the existing, unofficial translations are rather inaccurate.

FIDIC Now Available in Russian - Dredging Today

This explains the many common law features of the FIDIC Suite of Contracts, at times greeted with scepticism by civil lawyers. The FIDIC Red Book is the standard, and most commonly used, construction contract form in all projects where the design is provided by the Employer, following the traditional procurement route of Design, Bid and Build. The Contractor is paid on a measurement basis for the actual quantities of work performed.
