The Ecology of Commerce by Paul Hawken deals with the effects of industrialization on the environment. Hawken's takes the point of view that the environment is being destroyed by the economic system.

The Ecology of Commerce Summary & Study Guide

With "The Ecology of Commerce", Hawken probably created one of the most convincing books to go green. As a reader it is fairly hard not to agree with his substantive argument that the time of a new way to practice business and live our lives has arrived. Although almost a bit one-sided, Hawken's line of argument is more than sense-making.
